WHO WE ARE

01 Prepared properly before it reaches a bank.

National Finance Consultancy FZC is an advisory and coordination firm based at the Sharjah Research Technology and Innovation Park (SRTI Park). We help businesses and individuals prepare, structure and present finance requirements before they reach a bank or financial institution.

We work in English and Arabic with clients across the UAE and the GCC, and with selected international relationships.

Each request is built around the actual transaction, its documents and its timing. Decisions rest with licensed institutions, and we say so from the start.
